Message about your identity theft claim

We verified your claim of identity theft

We verified your claim of identity theft and placed an identity theft indicator on your account to monitor activity and help prevent future fraud.

What you need to do

No further action is needed on your part. Please continue to file all federal tax returns.

Next Steps

- Your account now has an identity theft indicator, which means we'll review all tax returns with your social security number for the possibility of identity theft.
- You will need an Identity Protection Pin (IP PIN) to file your returns in the future. You will receive your IP PIN in a notice from us in December.
- If you want to receive the additional security of an IP PIN immediately, use the link below, verify your identity, and retrieve your IP PIN to file your returns. If you get your IP PIN at the link below, you will no longer receive an IP PIN by mail. You must login each year to obtain your new IP PIN.

Additional information

- Visit www.irs.gov/cp01
- Review the enclosed document Identity Theft Prevention and Victim Assistance (Publication 4535)
- Keep this notice for your records.

Identity theft is a serious issue, and we're committed to helping taxpayers who are affected by it.

If you need assistance, please don't hesitate to contact us at 1-800-908-4490, extension 245.

Other Resources

- Visit the Federal Trade Commission at www.ftc.gov/idtheft.
- Visit the Social Security Administration at www.ssa.gov and search for "identity theft".
